

# ~2013 Valley High ArtTrek~

**Valley High ArtTrek** is a summer-long Grand County, CO art adventure. Highlighted by snow-covered mountain vistas and rolling meadows threaded with sparkling streams and rivers, these weekly sites call out to all artists. ArtTrek locations have been chosen for their unique beauty and variety and are located on public routes.

**Meet up time for each designated location is between 9:00-9:15 AM.**

Personal safety is a prime concern so bring plenty of water, a highly detailed county map, snacks, etc. Be prepared for changes in the weather with layers of clothing. Observe your surroundings and do not paint where you may be unsafe. Remember the saying, "Safety in numbers".

**Artists will use ArtTrek Grand County, a Google Group, to discuss their weekly participation.** You can find location specifics for all the sites listed below and many color photos at the Google Group.
