STRONG DISCIPLING FOCUS

El Shaddai Christian School has a well-defined Discipling track from Grade 00 to Grade 12. Full details are available on www.escs.org. Along with quality academics, this is the very reason for our existence and is the core business of the school. The discipling track is so much more than just having a Christian ethos in the school – it is the intentional discipling of a child to form his/her Christ-like character.

The school prides itself on retaining the “family feeling”. Each child is not just a number but a unique, God-crafted individual who is loved and cared for by all the staff. The aim of El Shaddai Christian School is to produce confident children who know their identity in Christ. The Pre-Primary years are essential to form and mould young characters. It becomes more challenging to change bad habits later on in a child’s schooling experience. Through Academics, Discipling, Sport, Culture and School Life activities, we partner with parents to lay a Christian Biblical worldview foundation influencing the children’s social, physical, intellectual and creative development.

QUALITY ACADEMICS

El Shaddai Christian School has a proven track record of delivering on its other core value, namely quality academics. The earliest exposure that pupils can have to the school’s carefully graded, year upon year, advanced, educational programme, the better. Pupils who join the school at the Pre-Primary level are generally better equipped to progress smoothly through the grades as they have a solid foundation to build upon.

The Pre-Primary is just the start of an educational experience, which culminates in the University of Cambridge suite of external qualifications [IGCSE and AS/A level examinations]. Cambridge assessments are internationally recognised and provide a “gold card” education.

The Pre-Primary is an automatic feeder to the Primary and High schools. The Pre-Primary staff are all experienced, well qualified teachers who love God and passionately desire to instill Biblical truths in each child.
