POINTS OF DISTINCTION

The prestigious Chateau Dereszla estate in Tokaj has one of the richest histories among those in the Tokaji Wine Region – Hungarian history itself can be traced through the cellar's past. The first written relic of the cellar dates back to the early 15th century.

In 2000, the famous wine maker family d'Aulan purchased the estate and slowly began to improve the technology and production processes in order to achieve their high wine making standards.
