

DURAPANEL™

SMART FENCING FOR HOMES, POOLS, AND SCHOOLS

Boundaryline DuraPanel tubular metal fencing offers a wide range of options for pool fencing, landscape fencing, schools and childcare centres. With high-quality components and good design, DuraPanel complies with all New Zealand pool-fencing regulations to keep children safe and to meet council requirements.

Our DuraPanel aluminium range is specified with larger-than-standard bars for increased strength and offers great-looking property enhancement and protection at a cost-effective price.

The DuraPanel range of custom-made fencing offers a wide variety of styles and colours to meet specific design requirements for any project.

All DuraPanel fencing is designed to be simple and quick to install with modular components and welded panels.

We have a DuraPanel solution to enhance and protect any property.

“Fencing was the best we have seen – very nice to use, brilliant finish, the boss is pleased, we’re stoked and will be always recommending it.”

Nelson swimming-pool suppliers

DURAPANEL™ ALUMINIUM

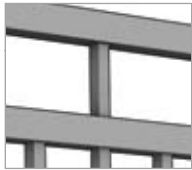

We believe our DuraPanel aluminium fencing offers the best combination of features and benefits in the New Zealand market.

As our standard in-stock DuraPanel range, it is constructed from high quality aluminium for long-term rust-free durability even in areas near the sea. We have specified these panels with larger-than-standard bars and square verticals for increased strength and resistance to vandalism. This high quality fencing offers you great-looking property enhancement and security at a cost-effective price.

WHAT'S GREAT ABOUT DURAPANEL™

STRONG 40x40mm horizontal bars

19x19mm square rods - **TRY BENDING THESE!**
