EUROCAVE

Easy access to your bottles

Based on the sliding shelf principle, found in wine cabinets, Modulorack is fitted with a sliding rack system for storing wine cases, in this way facilitating access to your bottles.

Clever, modular storage

- One Modulorack is designed to hold two 12-bottle cases.
- Several Moduloracks can be assembled to increase storage capacity.

Fixed to the floor, they form a sturdy, practical storage system. In this way, you can create a unique system for storing bottles in their original cases.

EUROCAVE[®]

A unique storage system

Whether storing your wine in a natural cellar or converted room, Modulothèque is the ideal solution.

This original, innovative concept is based on assembling different modules in order to create YOUR own unique storage system.

Adaptable, Modulothèque can be added to as you acquire more bottles.

Robust in construction yet aesthetically pleasing

- Modulothèque is made from 20mm solid oak – a high-quality, durable wood which gives the unit a unique, traditional feel.
- Of enduring value, oak is exceptionally robust and its resistance to damp makes it the ideal material for ensuring maximum stability for your bottles.
- The clear linseed oil finish nourishes the wood and ensures the maintenance of the storage unit for many years.

A storage system which is almost **tailor-made to your requirements**

Thanks to a choice of 15 modules, Modulothèque adapts to the requirements of any room (sloping ceiling, corner of room, arched ceiling...)

Easy to put together, the modules can be dismantled if you want to move them or change the layout of your Modulothèque.

The width, height and storage capacity vary according to the number of modules installed and the shelves selected: the layout possibilities for Modulothèque are endless!

Low ceiling
W2426 x D584 x H1336 mm

Corner of a room
Length of 1st wall section: 2215.7 mm
Length of 2nd wall section: 1631.7mm x D584 x H2008 mm

Vaulted cellar
W2426 x D584 x H2008 mm

Sloping roof
W1842 x D584 x H2008 mm

Around a pillar
1800 mm Ø H2060 mm

Technical features

Superior finishes (MV3)
Safely store up to 27 bottles on top of your storage unit.

EUROCAVE

Modulocube from EuroCave

Modulocube is a folding rack in solid beech, supplied as a kit. It allows you to store your bottles with ease.

Optimal bottle storage

Designed in solid beech to offer optimal strength, Modulocube allows you to get the best use out of your wine storage space. It has been specially designed to store all types of bottles (Bordeaux, Burgundy, Champagne...): no more torn labels, no more badly stored bottles.

Two options are available: you can either store your bottles all together or individually by adding 5 to 6 rows of shelves.

An attractive price

Cost need no longer be a stumbling block to caring for your wine. Modulocube ensures ideal bottle storage at a very attractive price.

A modular system

Starting with one module of this functional system, you can create the storage space you need. Each Modulocube unit allows you to store, in one depth, all types of bottles (up to 50 Bordeaux bottles).

Completely modular, Modulocube allows you to increase your storage capacity by assembling different modules and change the layouts according to your requirements. Modulocube represents the ideal solution for storing your bottles with the possibility of assembling up to three modules on top of one another, whilst guaranteeing complete stability.

Up to 146 bottles
