ADULT SUMMER COURSE

An intensive course in ballet, street jazz and mat-based Pilates over five evenings. Ballet helps to improve body alignment, co-ordination and general well-being. This class has live piano accompaniment.

Edgy and full of attitude, street jazz is a blend of modern-day dance styles. This class will give the opportunity to learn a routine and improve recall, musicality and performance.

Mat-based Pilates improves strength, posture, flexibility and balance and is the perfect complement to dance training. This is a fun way to increase your fitness levels and to learn new skills. It is designed to relax and invigorate at the end of the working day and is suitable for beginners through to advanced dancers.

We offer three levels for you to choose from according to your ballet experience. Two and three-class packages are available.
