

Notes from Mrs. Jump's Desk

Week of April 11-15

Thank you to all parents that attended, or participated in the classroom donations! Because of your dedication Evening At His Table was a success! It was a wonderful event. Please extend your thank you to the committee. Their hard work and endless hours paid off.

You have another opportunity to get involved: \$10,000 matching funds towards playground improvements. We have received an anonymous gift of \$1000 and

during Evening of Its Table we raised an additional \$4,250 toward the playground equipment. We only need \$4,750 more to reach our goal of \$10K to make our playground upgrades! If you are interested in donating funds toward the playground improvements, please let Mrs. Wand or Mrs. Johnson know. We would like to be able to make the full match by this summer! Gifts of \$250.00 or more will be recognized on a plaque on the playground. **Leave your legacy by leaving your family's name on a plaque.**

Please check out the April monthly calendar for upcoming events.

Stay connected with your child's education by checking us out at sjcaspringfield.org and Liking us on Facebook!

Check out the Aplusmath website to increase math facts memorization. Your child's goal is to have the addition, subtraction, and multiplication facts memorized before they enter 4th grade

Spelling- Lesson 20 test is on April 15th.

Lesson 20 words – birthday, anyone, sometimes, everything, homework, afternoon, airplane, grandmother, something, without, himself, faraway, sunburned, daylight, someone, cannot, scorekeeper, everybody

Science – Test on Chapter 8 on Wednesday, April 13th. Your child has a study guide in their expandable folder. They should use it to study with their graded worksheets and notes.
